

30th June 2016

LFB BIOMANUFACTURING: Silver sponsor of the European Antibody Congress 2016

A genuine moment of get-together and discussion for key actors of the mAbs field, the « European Antibody Congress » takes place from 14th to 16th November, in Switzerland. This congress tackles all the topics related to antibodies, from research and development to market access, and gives the sector's key players opportunities to meet. This year, the focus will be on immunotherapies with 500 participants expected. LFB BIOMANUFACTURING is Silver sponsor to this international professional event.
